

The Premier Full-Text Information Resource
for Engineering Research and Practice

Engineering Source

Designed for engineering professionals and researchers of all types, Engineering Source is the premier dedicated collection of engineering-related content available today.

This database provides unmatched full-text coverage of information relevant to many engineering disciplines, including:

- Aerospace
- Biomedical
- Civil
- Electrical
- Environmental
- Mechanical
- Software
- Structural
- And many more...

More than **1,500** full-text engineering-focused journals
